● ABOUT ME

Dedicated and results-driven IT professional with a strong background in IT system administration, cloud system administration and technical support. Adept at managing IT infrastructure, troubleshooting technical issues, and optimizing digital systems for efficiency. Proven ability to work in customer-focused environments, ensuring seamless communication and problem resolution. Experienced in handling production processes, IT automation, and cloud technologies. Passionate about leveraging technology to drive business success and enhance user experience. Seeking opportunities to contribute expertise in IT System Administrator, IT Support Specialist, DevOps Engineer, Cloud Infrastructure Expert, IT Technical Specialist/Expert roles.

● WORK EXPERIENCE

ICT INSTALLER – ADECCO FINLAND OY/FIBER HIGHWAY OY – 26/01/2026 – 15/02/2026 – HAMINA, FINLAND

- ❖ Fiber Optic Deployment: Executed the pulling and routing of fiber optic cables for telecommunications infrastructure projects.
- ❖ Hardware Installation: Performed technical installations and terminal connections for network equipment.
- ❖ System Testing: Ensured high-quality connectivity through precise cabling and hardware integration.
- ❖ Safety Compliance: Conducted all tasks in strict accordance with industrial safety standards and height-safety protocols.
- ❖ Technical Documentation: Followed technical blueprints and installation guides to meet project specifications.
- ❖ Project Execution: Collaborated with a technical team to complete infrastructure upgrades within strict project deadlines.

SPOTTER – LISAPALVELU KOTKA OY – 12/05/2025 – 05/12/2025 – HAMINA, FINLAND

Spotter(Site Safety Assistant): Working site Google Datacenter LPP6-A, Hamina

- ❖ Served as a dedicated spotter for MEWPs, heavy machinery, cranes, and trucks, ensuring safe and efficient movement.
- ❖ Utilized hand signals and two-way radio communication to guide operators, preventing collisions with personnel and structures.
- ❖ Managed site safety protocols by setting up and maintaining barriers and exclusion zones around work areas.
- ❖ Conducted regular site inspections to identify and mitigate hazards, promoting a proactive safety culture.
- ❖ Provided critical spotting support for work near electrical hazards, enforcing safe clearance distances to prevent incidents.
- ❖ Facilitated safe operational environments for electrical teams during the critical construction phase of the LPP6A expansion.
- ❖ Collaborated closely with engineering teams to monitor technical risks and maintain workplace integrity during large-scale infrastructure deployment.

From May to December 2025, I was an integral part of the LPP6A expansion project at Google Hamina. Working through Lisapalvelu/DECO Engineering, I supported electrical teams in a technical spotter capacity. This role gave me unique insight into the site's physical infrastructure, safety culture, and the complex engineering required to build Google-class data centers.

INFRASTRUCTURE MANAGER(REMOTE) – TAPPWARE SOLUTIONS LIMITED – 01/07/2021 – Current – DHAKA, BANGLADESH

Business or Sector: Information and communication | **Department:** Research & Development | **Address:** SEL Trident Tower (level-14th Floor), 57, Purana Paltan Line, 1000, Dhaka, Bangladesh | **Email:** contact@tappware.com | **Website:** <https://tappware.com>

- ❖ Develop and maintain strong working relationships with internal Technology stakeholders.
- ❖ Develop and manage deployment for user end-point environments (Cloud Infrastructure, Physical servers, Virtualization).
- ❖ Lead a team of engineers for development of cloud infrastructure, IT automation, deployment of services/software.
- ❖ Develop and manage user accounts and IT service provisioning and de-provisioning.
- ❖ Drive continuous improvement and introduction of IT 'best practices' into all areas of process, metrics, and performance.
- ❖ Coordinates resources to install server and workstation software and hardware upgrades.
- ❖ Develops IT budgets and assists the leadership team with the research of IT needs for their respective departments.
- ❖ L2, L3 support for organization's projects.

SR. INFRASTRUCTURE ENGINEER – TAPPWARE SOLUTIONS LIMITED – 01/07/2018 – 30/06/2021 – DHAKA, BANGLADESH

Business or Sector: Information and communication | **Department:** Research & Development |
Address: Road#8 (old 21), House#566(2nd floor), DOHS Mirpur, 1207, Dhaka, Bangladesh | **Email:** contact@tappware.com |
Website: <https://tappware.com>

- ❖ Administrating linux based servers(web, database, redis, rabbitmq, apache, nginx, mysql, mysql-percona cluster, php, SSL, load balance, NFS, NTP on centos, Ubuntu, debian, redhat) in physical server, local server, virtual server and Cloud servers(AWS, AZURE, Oracle, Digitalocean, OVH, Linode, Contabo).
- ❖ Deploying, Monitoring and maintaining computer systems and networks LAN/WLAN/VPN/Virtual Cloud Networking (AWS) with tools like : Nagios, Monit, Monitorix, Cacti, LibreNMS, Observium.
- ❖ L2 support for 100+ barebone physical machines, 600+ virtualized nodes for bangladesh gov project e-nothi(<https://nothi.gov.bd>)
- ❖ L3, L2 support for other gov projects infrastructure www.seip.gov.bd , <https://cag.org.bd/> , <http://www.supremecourt.gov.bd/> , <https://e-judiciary.org/>
- ❖ Talking staff or clients through a series of actions, either face to face or over the telephone to help set up systems or resolve issues.
- ❖ Troubleshooting system and network problems and diagnosing and solving hardware or software faults.
- ❖ Continuous support to several Gov. projects simultaneously both server and client side.
- ❖ Mikrotik router management, Domain & Hosting control, DNS Management, Cpanel/WHM management, Webmin, private mail server deploy and config.
- ❖ Excellent practice on remote support via team viewer, Remote Desktop, Anydesk, Radmin...etc and online support systems like: osticket, otrs/iTop- install, configure and serve to clients.
- ❖ Excellent practice on virtualization using well known hypervisors like VmWare, Oracle VirtualBox, Linux KVM, Proxmox, Docker containerization.

SR. PROJECT COORDINATOR – TAPPWARE SOLUTIONS LIMITED – 01/01/2017 – 30/06/2018 – DHAKA, BANGLADESH

Business or Sector: Information and communication | **Department:** Research & Development |
Address: Road#8 (old 21), House#566(2nd floor), DOHS Mirpur, 1216, Dhaka, Bangladesh | **Email:** contact@tappware.com |
Website: <https://tappware.com>

- ❖ Coordinate project management activities, resources, equipment and information.
- ❖ Break projects into doable actions and set timeframes.
- ❖ Liaise with clients to identify and define requirements, scope and objectives.
- ❖ Assign tasks to internal teams and assist with schedule management.
- ❖ Make sure that the client's needs are met as projects evolve.
- ❖ Help prepare budgets and analyze risks and opportunities.
- ❖ Monitor project progress and handle any issues that arise.
- ❖ Use tools to monitor working hours, plans and expenditures.
- ❖ Create and maintain comprehensive project documentation, plans and reports.

PROJECT COORDINATOR – TAPPWARE SOLUTIONS LIMITED – 01/01/2016 – 31/12/2016 – DHAKA, BANGLADESH

Business or Sector: Information and communication | **Department:** Research & Development |
Address: Road#8 (old 21), House#566(2nd floor), DOHS Mirpur, 1216, Dhaka, Bangladesh | **Email:** contact@tappware.com |
Website: <https://tappware.com>

- ❖ Participate in project design meetings and propose improvements if necessary.
- ❖ Evaluate potential problems and technical hitches and develop solutions.
- ❖ Plan and manage team goals, project schedules and new information.
- ❖ Supervise current projects and coordinate all team members to keep workflow on track.
- ❖ Manage project-related paperwork by ensuring all necessary materials are current, properly filed and stored.
- ❖ Direct project correspondences by preparing and reviewing project proposals, memos, meeting minutes and emails.
- ❖ Communicate with clients to identify and define project requirements, scope and objectives.

IT SUPPORT ENGINEER – TAPPWARE SOLUTIONS LIMITED – 10/01/2014 – 31/12/2015 – DHAKA, BANGLADESH

Business or Sector: Information and communication | **Department:** Research & Development |
Address: Road#8 (old 21), House#566(2nd floor), DOHS Mirpur, 1216, Dhaka, Bangladesh | **Email:** contact@tappware.com |
Website: <https://tappware.com>

- ❖ Administrating linux based web, database, mail servers (apache, mysql, php, postfix etc on centos, Ubuntu, debian, redhat) on various platforms(Bare Metal servers, AWS, AZURE, Digitalocean, OVH, Contabo, Linode).
- ❖ Installing and configuring computer hardware operating systems and applications.
- ❖ Monitoring and maintaining computer systems and networks.
- ❖ Troubleshooting system and network problems and diagnosing and solving hardware or software faults.
- ❖ Providing support, including procedural documentation and relevant reports.
- ❖ Following diagrams and written instructions to repair a fault or set up a system.
- ❖ Setting up new user's accounts and profiles and dealing with password issues.
- ❖ Working continuously on a task until completion (or referral to third parties, if appropriate).
- ❖ Prioritizing and managing many open cases at one time.
- ❖ Rapidly establishing a good working relationship with customers and other professionals, e.g., software developers.
- ❖ Testing and evaluating new technology.
- ❖ Supervising junior engineering and technical staff.
- ❖ Managing stocks of equipment, consumables and other supplies.
- ❖ Continuous support to several Gov. projects simultaneously both server and client side.
- ❖ Mikrotik router install, configure and monitor, Domain & Hosting control, DNS Management Etc.
- ❖ Excellent practice on remote support via team viewer, Remote Desktop, Radmin...etc.

TECHNICAL SUPPORT – BANGLADESH ELECTION COMMISSION – 01/01/2013 – 31/12/2013 – DHAKA, BANGLADESH

Business or Sector: Other service activities | **Department:** National ID Card Project(IDEA) | **Website:** <http://www.nidw.gov.bd/>

- ❖ LAN/WLAN setup, monitoring and troubleshooting.
- ❖ Hardware and Software troubleshooting (if required).
- ❖ Biometric data collect, summarizing and import/export to MySQL Database (client or server).
- ❖ Reporting to the local Election Commission Authority.
- ❖ Develop relations with local upazila chairman, ward councilor, school/college teacher and others.
- ❖ Ensure proper maintenance of all laptops, accessories and equipment.

TEAM LEADER – BANGLADESH ELECTION COMMISSION – 12/05/2009 – 18/10/2009 – RAJSHAHI, BANGLADESH

- ❖ Team monitoring.
- ❖ Biometric data collect, summarizing and import/export to MySQL Database (client or server).
- ❖ Efficiently fill up voter information to the SQL database and take BIO information (Picture, Finger Print, Signature) to the database and take database backup periodically.
- ❖ LAN/WLAN setup, monitoring and troubleshooting.
- ❖ Hardware and Software troubleshooting (if required).
- ❖ Reporting to the local Election Commission Authority.
- ❖ Develop relations with local upazila chairman, ward councilor, school/college teacher and others.
- ❖ Ensure proper maintenance of all laptops, accessories and equipment.
- ❖ Keep day by day working record and prepare payment sheets for payment.

TEAM LEADER – BANGLADESH ELECTION COMMISSION – 21/01/2012 – 23/12/2012 – RAJSHAHI, BANGLADESH

- ❖ Team monitoring.
- ❖ Biometric data collect, summarizing and import/export to MySQL Database (client or server).
- ❖ Efficiently fill up voter information to the SQL database and take BIO information (Picture, Finger Print, Signature) to the database and take database backup periodically.
- ❖ LAN/WLAN setup, monitoring and troubleshooting.
- ❖ Hardware and Software troubleshooting (if required).
- ❖ Reporting to the local Election Commission Authority.
- ❖ Develop relations with local upazila chairman, ward councilor, school/college teacher and others.
- ❖ Ensure proper maintenance of all laptops, accessories and equipment.

- ❖ Keep day by day working record and prepare payment sheets for payment.

● EDUCATION AND TRAINING

01/01/2018 – 31/12/2020 Dhaka

DIPLOMA IN COMPUTER SCIENCE AND ICT Shyamoli Ideal Polytechnic Institute

Website <https://byttc.com.bd>

15/02/2017 – 18/06/2017 Dhaka, Bangladesh

REDHAT CERTIFIED SOLUTION ARCHITECT(RHCSA) CSL Training

❖ Training Based on CentOS 7

a) Partitioning & Installation, b) Basic Commands, c) yum server, d) User & Group manage, e) File Permission, ACL
f) Compression utilities, g) Process management, h) File/SWAP system management i) LVM management, j) Services and Daemons, k) Network Management, l) Package management, m) SELINUX Security, n) Cronjob/Schedule job manage, o) Snapshot/Clone/Virtualize

Address 2/1(2nd floor), Block-A, Lalmatia, Beside Sunrise Plaza, 1207, Dhaka, Bangladesh | **Website** <http://www.csltraining.com> |

Field of study Information and Communication Technologies

01/08/2014 – 30/09/2014 Dhaka, Bangladesh

IT SUPPORT AND MANAGEMENT FTFL (Fast Track Future Leader) under Leveraging ICT Project of Bangladesh Govt.

- ❖ Basic Computer Maintenance.
- ❖ Operating Systems Windows and Linux.
- ❖ Data Communication and Networking, subnetting.
- ❖ Microsoft Outlook Configure.
- ❖ Virtual Machine install, configure on different platforms.
- ❖ Server Maintenance-

1. Windows Server 2012

a) Active Directory, b) DHCP Server, c) DNS Server,
d) File Server, e) Web Server, f) Ftp server, g) Print Server

2. Linux Server (RHEL 6.4)

a) Partitioning & Installation, b) Basic Commands, c) yum server, d) User & Group manage, e) File Permission,
f) DHCP, g) DNS, h) Mail server, i) FTP server, j) VLAN
❖ Basic knowledge on mikrotik router.
❖ Basic knowledge on MySql.

Address E-14/X, ICT Tower, Agargaon, 1207, Dhaka, Bangladesh | **Website** <https://www.lict.gov.bd> |

Field of study Information and Communication Technologies

01/07/2014 – 31/07/2014 Dhaka, Bangladesh

FOUNDATION TRAINING FOR FAST TRACK FUTURE LEADER FTFL (Fast Track Future Leader) under Leveraging ICT Project of Bangladesh Govt.

- ❖ Effective Communication skill.
- ❖ Positive Attitude and Resilience.
- ❖ Grooming, Manners, Etiquette.
- ❖ Leadership and Teamwork.
- ❖ Effective Negotiation skills.
- ❖ Project management.
- ❖ Risk management.
- ❖ Creativity and Innovation.
- ❖ Business ethics and CSR.

Address E-14/X, ICT Tower, Agargaon, 1207, Dhaka, Bangladesh | **Website** <https://www.lict.gov.bd> |

Field of study Business, administration and law

MS Office Package
Visual Basic
Windows Operating System

Address Sardah, Rajshahi, 6271, Rajshahi, Bangladesh

01/01/2007 – 31/12/2008 Gazipur, Bangladesh

MASTER OF ARTS (M. A.) National University

Address Dhaka - Mymensingh Hwy, 1704, Gazipur, Bangladesh | **Website** <http://www.nubd.info/> |

Field of study Arts and humanities | **Final grade** Second Class

01/01/2003 – 31/12/2006 Gazipur, Bangladesh

BACHELOR OF ARTS (B. A.) National University

Address Dhaka - Mymensingh Hwy, 1704, Gazipur, Bangladesh | **Website** <http://www.nubd.info/> |

Field of study Arts and humanities | **Final grade** Second Class

01/01/1999 – 31/12/2002 Rajshahi, Bangladesh

HIGHER SECONDARY SCHOOL CERTIFICATE (H.S.C) Rajshahi Govt. City College

Address Rajarahata, Ward No-11, 6000, Rajshahi, Bangladesh | **Website** <https://rgcc.ac.bd/> |

Field of study Natural sciences, mathematics and statistics | **Final grade** Second Division

01/01/1997 – 31/12/1998 Rajshahi, Bangladesh

SECONDARY SCHOOL CERTIFICATE (S.S.C) Rajshahi Patkal High School

Address Katakali, Shyampur, Motihar, 6212, Rajshahi, Bangladesh | **Final grade** First Division

● LANGUAGE SKILLS

Mother tongue(s): **BENGALI**

Other language(s):

	UNDERSTANDING		SPEAKING		WRITING
